1 NCS Plugin 1.2

These are the release notes for the component Mosart NCS Plugin 1.2. This document describes the user-visible changes that have been made to the software since version 1.1.

- To download this version, please visit https://download.vizrt.com/ThinClient/ then /products/VizMosart/Latest Version/WebComponents/).

This release addresses several shortcomings of the previous release, providing additional user features.
Your feedback is appreciated, as are feature requests and any comments about both the product and its documentation.

- Please report your feedback to: mosart-feedback@vizrt.com

If you are now viewing a PDF, note that this document contains animations, and is best read *as an html page in your web browser:*

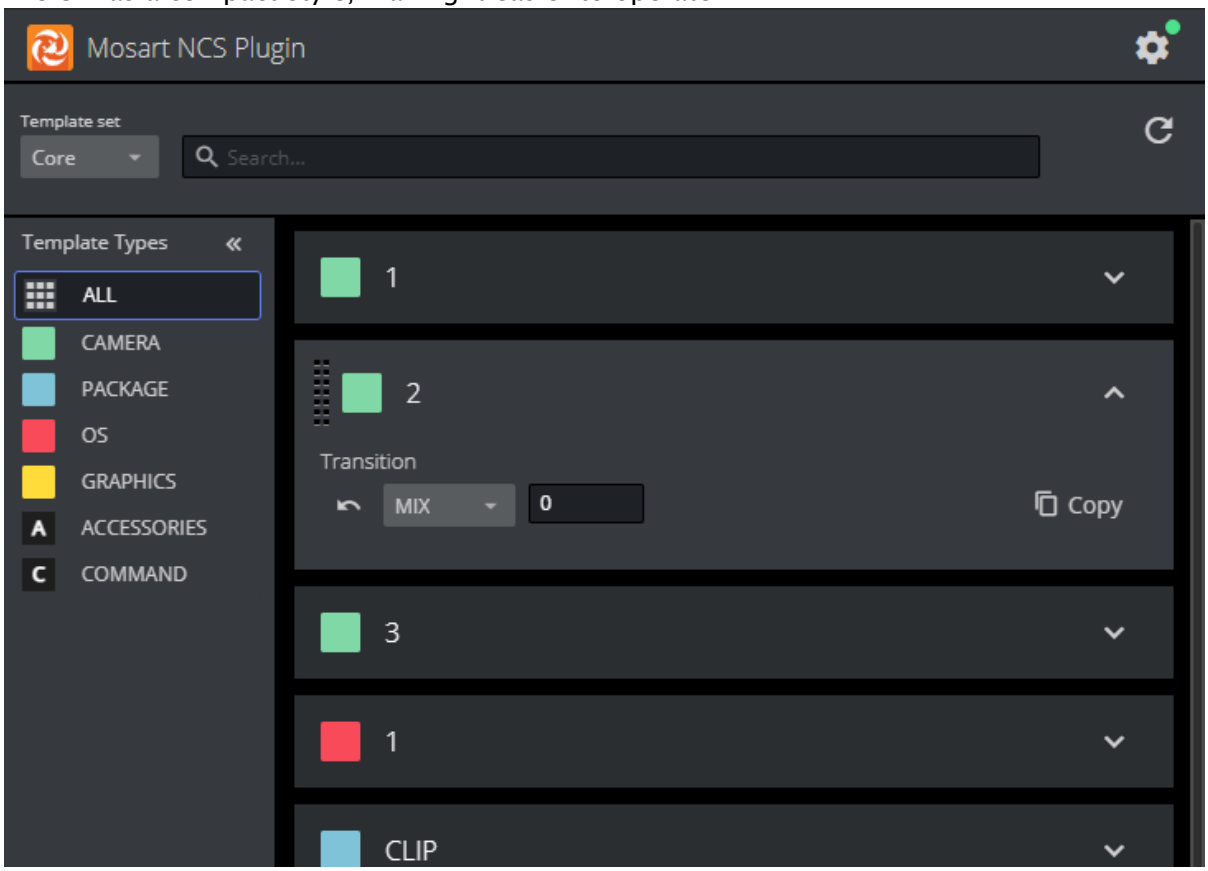
1.1 New Features And Improvements

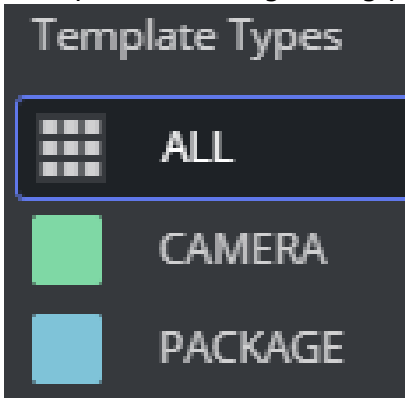
1.1.1 Visual redesign

- The UI has a compact style, making it easier to operate.



1.1.2 List *all* templates

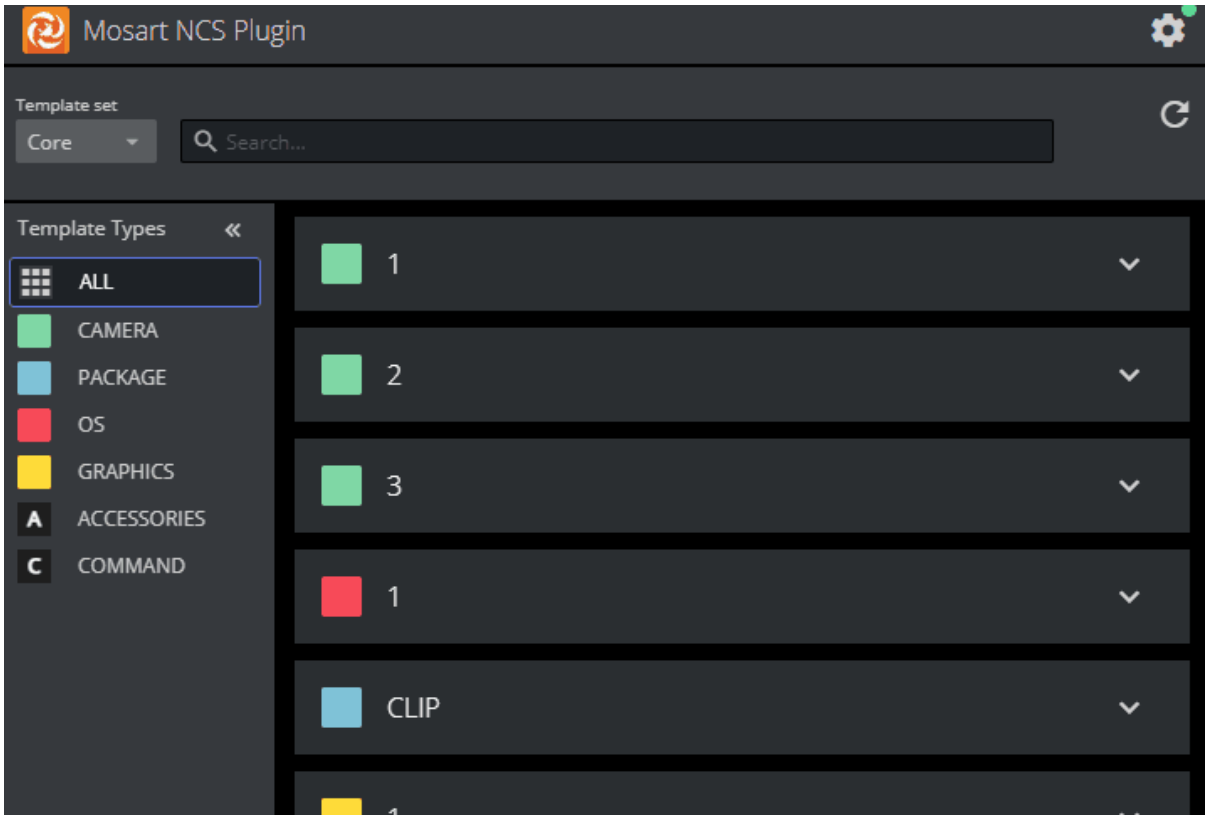
- To improve searching among your templates, selecting *ALL* option displays the entire set.



Copyright © 2021 Vizrt

1.1.3 Auto-suggest search

- Additional improvements to searching; While you type, the hit list automatically populate with results.



1.1.4 Compact mode

- Create a comfortable working space in your NCS by collapsing the the **Template Types** panel of the Mosart NCS Plugin.
  The panel auto-collapses when the width of the UI prevents all template details from

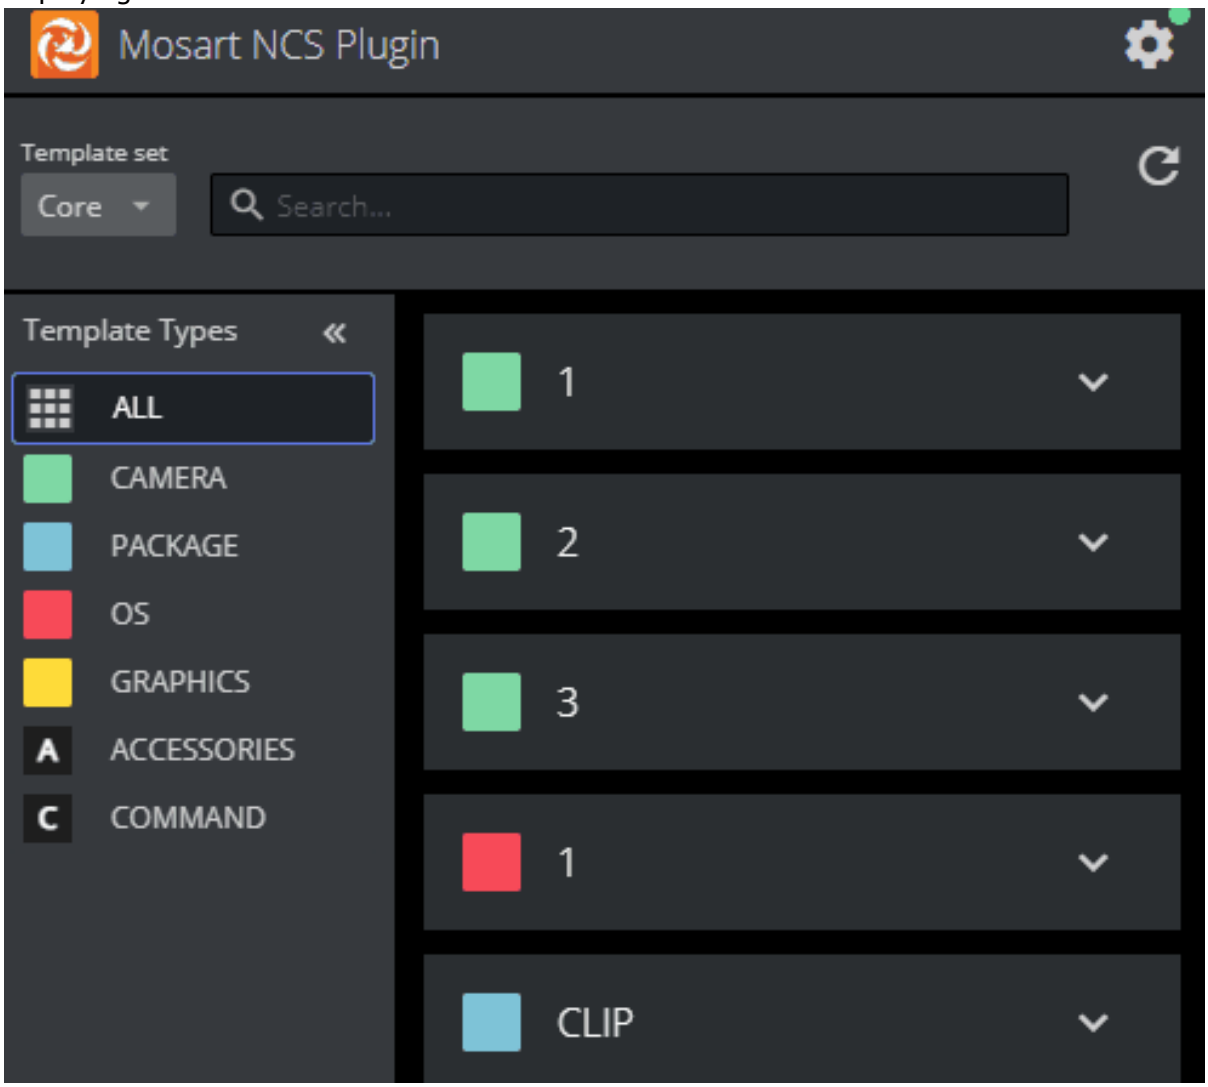
displaying.



1.1.5 One time client configuration

- The Mosart REST API host and the MosId can now be configured through the URL. You no longer have to perform this configuration in each client.

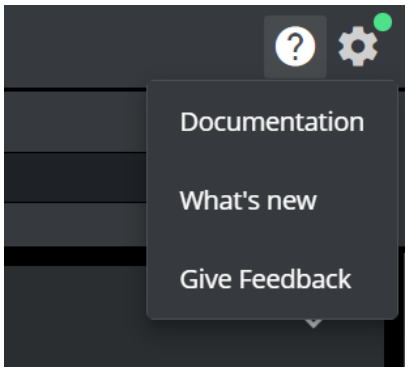
1.1.6 Help menu

- A new **Help** menu provides quick access to documentation, these release notes and access to a feedback mail address.



1.1.7 Bundle installer

- A new bundle installer makes it easier to install required component.

1.2 Bug Fixes

- Template drag and drop was limited to iNEWS. Now works in other NRCSs.
- Major performance improvement when using the plugin with Internet Explorer.
- Switching a template set could prevent accurate selection of template type. That is now corrected.

1.3 System Requirements

1.3.1 General

- ASP.NET Core 3.1 Hosting Bundle
- Microsoft Windows 10

1.4 Supported NRCS

The NCS Plugin supports connections to

- ENPS 9.0 or later.
- iNEWS 4.0 or later.

Note:
- Initial investigations show that the NCS Plugin also works with OpenMedia. However this connection is currently *not* officially supported by Vizrt.

- The NCS Plugin does *not* currently support connections to the Octopus NRCS.
